Dick Waskins Vice Chair Kalamazoo Lake Harbor Authority

Subject: Kalamazoo Lake Harbor Authority Ongoing Services

Dear Mr. Waskins:

Thank you for the opportunity to continue our services to the Kalamazoo Lake Harbor Authority (KLHA) to assist the Authority and the communities of Douglas, Saugatuck, and Saugatuck Township in achieving the mission of KLHA. Edgewater Resources is a full service design and engineering consultancy providing services in architecture, landscape architecture, survey, and marine, civil, and coastal engineering, serving clients across the US and around the world. We have had the good fortune to work with KLHA, similar predecessor entities, and the communities that surround Kalamazoo Lake, and we very much appreciate the opportunity to be of continued service.

We understand that KLHA is requesting additional support in developing strategies for addressing ongoing challenges including preparing for long term water level fluctuations, dredging, navigation, flooding, public access, engagement with permitting and regulatory agencies, and management of invasive species and other potential factors impacting Kalamazoo Lake and the surrounding communities. As there is not a specific task at hand with a clearly quantifiable scope of work, this proposal is for ongoing hourly consulting services to address issues as they arise and help develop specific strategies for resolving them through separate and specific task orders that will be completed under separate written authorization. Following an initial discussion of each proposed task, we will prepare a written scope of work, schedule, and budget estimate for your written approval prior to commencing work.

We propose to provide these services on a time and materials basis at our standard hourly rates (attached) and will not exceed \$12,000 for participation in monthly KLHA Board Meetings and initial efforts to define and develop detailed tasks without prior written authorization. We appreciate this opportunity to work with you, and look forward to getting started. If you find this proposal acceptable, your signature below will serve as our authorization to proceed. We will work closely with you and communicate clearly to ensure our efforts are on task and meeting your expectations in terms of budget and deliverables.

Sincerely,	Accepted:
